

(4) A map showing all district properties with, if possible, identification of contributing and noncontributing properties; the map should clearly show the district's boundaries.

(5) Photographs of typical areas in the district as well as major types of contributing and noncontributing properties; all photographs should be keyed to the map.

(e) Districts designated by certified State or local statutes shall be evaluated using the National Register criteria (36 CFR part 60) within 30 days of the receipt of the required documentation by the Secretary. Written notification of the Secretary's decision will be sent to the duly authorized representative or to the person designated as responsible for the district documentation.

(f) Certification of statutes and districts does not constitute certification of significance of individual properties within the district or of rehabilitation projects by the Secretary.

(g) Districts certified by the Secretary as substantially meeting the requirements for listing will be determined eligible for listing in the National Register at the time of certification and will be published as such in the FEDERAL REGISTER.

(h) Documentation on additional districts designated under a State or local statute the has been certified by the Secretary should be submitted to the Secretary for certification following the same procedures and including the same information outlined in the section above.

(i) State or local governments, as appropriate, shall notify the Secretary if a certified district designation is amended (including boundary changes) or repealed. If a certified district designation is amended, the duly authorized representative shall submit documentation describing the change(s) and, if the district has been increased in size, information on the new areas as outlined in §67.9. A revised statement of significance for the district as a whole shall also be included to reflect any changes in overall significance as a result of the addition or deletion of areas. Review procedures shall follow those outlined in §67.9 (d) and (e). The Secretary will withdraw certification

of repealed or inappropriately amended certified district designations, thereby disqualifying them as registered historic districts.

(j) The Secretary may withdraw certification of a district on his own initiative if it ceases to meet the National Register Criteria for Evaluation after providing the duly authorized representative and the SHPO 30 days in which to comment prior to withdrawal of certification.

(k) The Secretary urges State and local review boards of commissions to become familiar with the Standards used by the Secretary of the Interior for certifying the rehabilitation of historic properties and to consider their adoption for local design review.

#### **§67.10 Appeals.**

(a) An appeal by the owner, or duly authorized representative as appropriate, may be made from any of the certifications or denials of certification made pursuant to this part or any decisions made pursuant to §67.6(f). Such appeals must be in writing and received by the Chief Appeals Officer, Cultural Resources, National Park Service, U.S. Department of the Interior, P.O. Box 37127, Washington, DC 20013-7127, within 30 days of receipt of the decision which is the subject of the appeal. The appellant may request an opportunity for a meeting to discuss the appeal but all information the owner wishes the Chief Appeals Officer to consider must be submitted in writing. The SHPO will be notified that an appeal is pending. The Chief Appeals Officer will consider the record of the decision in question, any further written submissions by the owner, and other available information and shall provide the appellant a written decision as promptly as circumstances permit. Such appeals constitute an administrative review of the decision appealed from and are not conducted as an adjudicative proceeding.

(b) The denial of a preliminary determination of significance for an individual property may not be appealed by the owner because the denial itself does not exhaust the administrative remedy that is available. The owner instead must seek recourse by undertaking the usual nomination process (36 CFR part

60). Similarly, the denial of preliminary certification for a rehabilitation for a rehabilitation project for a property that is not a certified historic structure may not be appealed. The owner must seek a final certification of significance as the next step, rather than appealing the denial of rehabilitation certification. Administrative reviews in these circumstances may be performed at the discretion of the Chief Appeals Officer. The decision to undertake an administrative review will be made on a case-by-case basis, depending on particular facts and circumstances and the Chief Appeals Officer's schedule, the expected date for nomination, and the nature of the rehabilitation project (proposed, ongoing, or completed). Administrative reviews of rehabilitation projects will not be undertaken if the owner has objected to the listing of the property in the National Register.

(c) In considering such appeals or administrative reviews, the Chief Appeals Officer shall take in account alleged errors in professional judgment or alleged prejudicial procedural errors by NPS officials. The Chief Appeals Officer's decision may:

- (1) Reverse the appealed decision;
- (2) Affirm the appealed decision;
- (3) Resubmit the matter to the appropriate Regional Director for further consideration; or
- (4) Where appropriate, withhold a decision until issuance of a ruling from the Internal Revenue Service pursuant to § 67.6(b)(2).

The Chief Appeals Officer may base his decision in whole or part on matters or factors not discussed in the decision appealed from. The Chief Appeals Officer is authorized to issue the certifications discussed in this part only if he considers that the requested certification meets the applicable statutory standard upon application of the Standards set forth herein or he considers that prejudicial procedural error by a Federal official legally compels issuance of the requested certification.

(d) The decision of the Chief Appeals Officer shall be the final administrative decision on the appeal. No person shall be considered to have exhausted his or her administrative remedies with respect to the certifications or de-

cisions described in this part until the Chief Appeals Officer has issued a final administrative decision pursuant to this section.

**§ 67.11 Fees for processing rehabilitation certification requests.**

(a) Fees are charged for reviewing rehabilitation certification requests in accordance with the schedule below.

(b) Payment shall not be made until requested by the NPS regional office according to instructions accompanying the Historic Preservation Certification Application. All checks shall be made payable to: *National Park Services*. A certification decision will not be issued on an application until the appropriate remittance is received. Fees are nonrefundable.

(c) The fee for review of proposed or ongoing rehabilitation projects for projects over \$20,000 is \$250. The fees for review of completed rehabilitation projects are based on the dollar amount of the costs attributed solely to the rehabilitation of the certified historic structure as provided by the owner in the Historic Preservation Certification Application, Request for Certification of Completed Work (NPS Form 10-168c), as follows:

Fee	Size of rehabilitation
\$500	\$20,000 to \$99,999
\$800	\$100,000 to \$499,999
\$1,500	\$500,000 to \$999,999
\$2,500	\$1,000,000 or more

If review of a proposed or ongoing rehabilitation project had been undertaken by the Secretary prior to submission of Request for Certification of Completed Work, the initial fee of \$250 will be deducted from these fees. No fee will be charged for rehabilitations under \$20,000.

(d) In general, each rehabilitation of a separate certified historic structure will be considered a separate project for purposes of computing the size of the fee.

(1) In the case of a rehabilitation project which includes more than one certified historic structure where the structures are judged by the Secretary to have been functionally related historically to serve an overall purpose, the fee for preliminary review is \$250 and the fee for final review is computed
